These tables compare scores; act.org says they do not predict performance on the other test. The latest version was released in 2018 and is not updated annually.
Standard error (2018 guide): about 2 ACT Composite or 80 SAT total points; 3 ACT Math or 50 SAT Math points; 6 ACT English+Reading or 50 SAT ERW points.
ACT E+R is the ACT English score plus the ACT Reading score (2 to 72). ERW is SAT Evidence-Based Reading and Writing, now reported as the SAT Reading and Writing section.
Since 2025 the ACT Composite averages English, math and reading. The 2018 Composite tables were derived from the ACT sum score that included Science (2018 guide).
An empty cell in the last column means Table C1 places no SAT score at that sum. Do not convert averages or score ranges, and do not superscore across the two tests.
ACT E+R 40 shows SAT 530 as in the 2018 guide, the act.org spreadsheet and Table C1; act.org's tables PDF and web table print 520 for that row.
